1.0 RATIONALE

Queensland Academy for Science Mathematics and Technology's (QASMT) vision is; 'a world class education that nurtures excellence and fosters global leadership for an ever-changing world'. We believe that the QASMT dress code standards reflect this vision and the level of pride in our school community; our professional image, our values and our sense of belonging. We expect our students to wear the school uniform with pride and to maintain high dress code standards at all times, both inside and outside of the school grounds.

To ensure a sense of belonging, our dress code is inclusive in language and choice. We believe that providing inclusive and flexible uniform options, is a critical step in allowing personal preference and preventing discrimination on the basis of gender or cultural identity.

2.0 THE IMPORTANCE OF WEARING THE CORRECT UNIFORM

In accordance with section 360 of the [Education \(General Provisions\) Act 2006 \(QLD\)](#), the QASMT Dress Code Policy:

- has been developed in consultation with the school community;
- is consistent with health and safety considerations;
- complies with anti-discrimination legislation;
- considers affordability, functionality, and durability of uniform items; and
- provides uniform options, such as shorts and pants/trousers, in all uniform categories for all students, regardless of gender.

The [Queensland Department of Education School Dress Code Policy](#) is designed to respect the rights of students and schools. It is important that students, staff, parents and caregivers have a shared understanding of the importance of wearing the correct uniform and the process involved in making any decisions regarding the QASMT Dress Code Policy.

3.0 QASMT :

- follows the Department of Education and Training guidelines in relation to [Student Dress Code](#) and [Sun Safety](#).
- follows the guidelines outlined in the [QASMT Inclusion Policy](#) and [QASMT Gender Diversity Strategy](#)
- believes that the school dress code reflects school community standards and balances the rights of individual students with the best interests of the whole school community;
- promotes an inclusive school community which is respectful of gender and cultural diversity;
- establishes a welcoming culture of school pride, a positive learning environment and high expectations; and
- improves student safety by enabling staff to identify people within the school grounds who are not associated with the school.

4.0 RESPONSIBILITIES

Students should:

- attend school wearing the uniform as prescribed in this policy
- ensure they wear the uniform with pride at school, to and from school, and when representing QASMT in the broader community
- wear hats to and from school, on excursions and in the school grounds when in the sun. This applies to all students in Years 7-12.
- follow directions given by staff members with respect to student dress and appearance.

Parents/caregivers should:

- ensure their child is supplied with the correct uniform as outlined in this policy, including requirements for shoes and hats;
- ensure their child wears the correct uniform to school each day;
- support their child to bring all required uniform items to school each day as prescribed within this policy.

QASMT will:

- monitor student uniform and support students to wear the correct uniform;
- update the school Dress Code Policy as required;
- advise students when the Formal Uniform is required (for special events and assemblies).

5.0 DEFINITIONS
