## International Students Science Fair 2023

**SUSTAINABLE  
FUTURES  
ISSF 2023  
QASMT  
BRISBANE**

Dear ISSN Principals

**Save the Date:** I take great pleasure in announcing that the International Students Science Fair (ISSF) 2023 will be held in Brisbane, Australia, from 4 – 8 December, 2023. The event will be hosted by the Queensland Academy for Science Mathematics and Technology, in partnership with our major sponsor, The University of Queensland.

**Sustainable Futures** is the 2023 theme, in support of The United Nations Sustainable Development Goals. Planning for an action-packed program of activities is currently underway. Planned activities include experiencing first hand our unique flora and fauna, immersing yourself in our pristine coastal environments and visiting the best of Brisbane's scientific research precincts. Additionally, a wide range of science enrichment activities will be on offer, including guest lectures and field trips held in conjunction with The University of Queensland and with our specialist staff at QASMT.

We look forward to welcoming you Down Under, in 2023!

Kind regards

A handwritten signature in black ink, appearing to read 'Kath Kayrooz'.
