Outstanding Academic Awards

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. To this end the Academy works with schools, governments and international organisations to develop challenging programmes of international education and rigorous assessment. Within our Academy we encourage our students to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

IB Learner Profile and Values

Inquirers
They develop their natural curiosity. They acquire the skills necessary to conduct inquiry and research and show independence in learning. They actively enjoy learning and this love of learning will be sustained throughout their lives.

Knowledgeable
They explore concepts, ideas and issues that have local and global significance. In so doing, they acquire in-depth knowledge and develop understanding across a broad and balanced range of disciplines.

Thinkers
They exercise initiative in applying thinking skills critically and creatively to recognize and approach complex problems, and make reasoned, ethical decisions.

Communicators
They understand and express ideas and information confidently and creatively in more than one language and in a variety of modes of communication. They work effectively and willingly in collaboration with others.

Principled
They act with integrity and honesty, with a strong sense of fairness, justice and respect for the dignity of the individual, groups and communities. They take responsibility for their own actions and the consequences that accompany them.

Open-minded
They understand and appreciate their own cultures and personal histories, and are open to the perspectives, values and traditions of other individuals and communities. They are accustomed to seeking and evaluating a range of points of view, and are willing to grow from the experience.

Caring
They show empathy, compassion and respect towards the needs and feelings of others. They have a personal commitment to service, and act to make a positive difference to the lives of others and to the environment.

Risk-takers
They approach unfamiliar situations and uncertainty with courage and forethought, and have the independence of spirit to explore new roles, ideas and strategies. They are brave and articulate in defending their beliefs.

Balanced
They understand the importance of intellectual, physical and emotional balance to achieve personal well-being for themselves and others.

Reflective
They give thoughtful consideration to their own learning and experience. They are able to assess and understand their strengths and limitations in order to support their learning and personal development.

### CAS Awards

**Creativity Award**
Creativity can come from a student’s talents, interests, passions, emotional responses, and imagination; the form of expression is limitless. This may include visual and performing arts, digital design, writing, film, culinary arts, crafts and composition.

Students eligible for this award engage in creative endeavours that move them beyond the familiar, broadening their scope from conventional to unconventional thinking.

**Presented to Kendal Christie**

**Activity Award**
This person promotes lifelong healthy habits related to physical well-being. Pursuits may include individual and team sports, aerobic exercise, dance, outdoor recreation, fitness training, and any other form of physical exertion that purposefully contributes to a healthy lifestyle.

**Presented to Alex Bowman**

**Service Award**
This student understands their capacity to make a meaningful contribution to their community and society. This student has developed and applied personal and social skills in real-life situations involving decision-making, problem-solving, initiative, responsibility, and accountability for their actions. This student has experienced diverse occasions in which they have interacted and experienced opportunities to develop their international-mindedness.

**Presented to Nichola Hettige**
ADF Long Tan Awards

The ADF Long Tan Youth Leadership and Teamwork Awards started in 2006 to recognise students who demonstrate leadership and teamwork within both the school and the broader local community. At the same time, they recognise those who display strong values, such as doing one’s best, respect for others and “mateship”, characteristics that are integral to Australian society.

The awards are an important initiative by the Australian Government in conjunction with the Australian Defence Force designed to encourage senior students – tomorrow’s leaders – to actively participate in the life of their schools and local communities.
