

# Investing for Success

**Under this agreement for 2017  
Queensland Academy for Science Mathematics & Technology  
will receive**

**\$153,400**

## This funding will be used to

- Reach 100% lift across groups 1, 4, 5
- Exceed world average GPSs in groups 1, 4, 5
- Exceed world average stretch in groups 1, 4, 5

## Our initiatives include

- Provide one-on-one and small group tutoring to identified students needing Lift and Stretch
- Provide additional support for group 4 IAs.
- Intervention program for year 12 students in targeted areas
- Purchase exam preparation materials

## Our school will improve student outcomes by

- Regularly monitor and respond to student performance data
- Provide 1-1 tutoring to identified students needing intensive literacy support
- Provide challenge workshops to identified Year 12 stretch students (grade 6/7)
- Provide 1-1 support to students who are identified as having the potential to reach the stretch benchmark of grade 6/7.
- Provide time for collaboration through a genuine professional learning community

### Funding:

Tutors	\$91, 000
Exam Preparation	\$6987.20
IA Scientific Officer Support	\$50 000.00
Professional learning	\$5 412.80
